VOLUME X.—No. 24

SIXTH FORTNIGHTLY CROP REPORT—ISSUED BY DEPARTMENT OF AGRICULTURE, GOVERNMENT OF ALBERTA, EDMONTON, AUGUST 3, 1929

Cutting of wheat will start next week and will be general a week later in a number of districts in the provinces, according to telegrams received by the Department of Agriculture from the sixth crop report of the season. The wheat crop is well under way in the south of the province and a very satisfactory yield is expected. The cutting of spring wheat is also beginning and will yield as high as 50 bushels per acre in some southern districts. As the result of continued dry

wetter and hot winds during the past two weeks the prospective yield, particularly throughout the central and southern parts, has suffered further reduction. The wheat crop generally has not been affected and most of it can be harvested now. It is demonstrated that it cannot be harvested satisfactorily by the ordinary methods of harvesting. In fact, however, is demonstrating at a number of points in this area that it is not possible to harvest it satisfactorily with the present equipment available. It is possible to have it threshed out in the field, but this is not practicable at all of this short grain, and many farmers are using the new threshing system with very satisfactory results.

Encouraging reports are coming from the Peace River, where the wheat crop has been improved by additional rainfall. The oat crop in the

north gives promise of a good yield of nearly five bushels per acre.

The live stock situation has been

affecting the prospects of the province and cattle are being disposed of in view of the limited market for them.

In a few districts it will be necessary to make provision for additional feed to carry cattle through the winter, but arrangements can be made to ship this in from other districts if necessary.

It is possible to have it threshed

out in the field, but this is not practicable at all of this short grain, and many farmers are using the new threshing system with very satisfactory results.

Cutting of the second crop of

alfalfa has started in the south, and the first cutting of the new crop is being put up. Sugar beets are

being irrigated regularly and a good

crop is promised.

THREE ARE KILLED NEAR RED DEER IN TRAIN-AUTO SMASH

Calgary, Aug. 5.—Struck by a train near Red Deer, Alta., on the Edmonton-Calgary line, of the Canadian Pacific Railway, on a level crossing, was a man driving a Buick. An automobile was totally demolished and three people were killed. The accident occurred at 3:37 o'clock Sunday morning.

The dead are: John Fenton, aged 40 years; his wife, Mary Ferenc, daughter-in-law, aged 10 years. The party was proceeding from their homes near Northbank, Alta.,

to Calgary, where they intended visiting friends.

A statement of the accident was made by Richard Bowring of the Calgary, engineer of the train, to Detective George Harvey of the Alberta Provincial police here.

The train, being pulled by engine No. 2643, was travelling at a rate of between 50 and 70 miles an hour in the Big Rock Tunnel. In some

unaccountable manner the car struck

the rail and ran into the front

coupling over the six cars of four

car train, which had stopped in the tunnel in the third which affected

an already weak head end, and

the car was thrown clear of the train.

Farmer Marion Tally will find

it more convenient. Few farmers

can make the sound necessary to ex-

tinguishing themselves when priests

visit them.

At present the train is

in the hands of the police.

GUM-DIPPED TIRES  
HOLD ALL WORLD RECORDS

THINK of what a tire must be to have won every International Championship for the last four years. To hold the fastest speed record ever made on a motor vehicle from Coast to Coast — to have won the Endurance test record of 30,000 miles in 26,325 minutes and to have other records in the world in mileage records on tarmac, trucas, buses and owners' cars everywhere!

So commanding is the leadership achieved by Firestone in the pioneering and development of tire engineering, that all world records for mileage, safety, economy and endurance are held by Firestone Gum-Dipped Tires.

You pay nothing for this extra endurance — extra safety — extra economy — extra mileage than only Firestone Gum-Dipped Tires can give you.

## OBITUARY

### DEATH OF THOMAS JAMES STEWART

The funeral took place on Sunday afternoon, to the Macleod Cemetery of Thomas James Stewart, the young 8-year-old son of Mr. and Mrs. George E. Stewart, who died on Saturday morning at the Macleod Hospital from spinal meningitis after a week's illness.

Funeral services were private, only relatives and a few friends of the family being present. A short service was conducted at the home on Nineteenth Street, across the Road. Barnes of the Granite, Farnham St., Andrew's Presbyterian church. The pall bearers were four school boys, Hugh Young, Dan Conney, Chris Conney and Charlie Kinsley.

Following is a list of those sending flowers: Grandpa and Mother, Grandpa and Grandmother, Uncle Gordon and Orwell, Uncle Will, Uncle Jim, Uncle Bertie (old Elevators (Calgary), Mountain View Rebekah Lodge, St. Andrew's Ladies Aid, St. John's Church, Mountay School, Reach & Co. Ltd., Mr. and Mrs. C. Clever, Dorothy and Charlie, Dora Devoran, Mrs. Trim, Mrs. Sutherland and Don, Mrs. Ringland, Mrs. G. H. McLean, Mr. Cook and Elsie, Mr. and Mrs. T. B. Armstrong and Mrs. R. M. Reid and Mr. and Mrs. MacLean, Mr. and Mrs. J. Mathewson, The Holden Children, Mr. and Mrs. V. Gee, Mr. and Mrs. J. ONE MORE BIG NIGHT OF ELKS CARNIVAL—FORD CAR WILL BE GIVEN AWAY AT CLOSING NIGHT ON SATURDAY, AUG. 10.

The Macleod Elks Club "open" their big four day carnival on Saturday night in a blaze of glory. There was a record crowd in attendance and the fun and frolic was just getting started. At 10 o'clock, just when the lights failed on the carnival plot, also in the big adjoining Habitat Hall, where the girls were stepping the light fantastic, an in spite of all the efforts by several electricians, there could be found, therefore hundreds of people tried to while away the time talking and joking, but the girls kept on singing until the glimmers would come on again.

Candles were quickly requisitioned and a few of the stalls continued to operate till the closing, and the dancing continued in the hall till the last song sounded, by the enormous crowd that had been beyond control. It is the most fortunate thing that could have happened for the Elks. There they had the best show, the best girls, the best band and Charlie Hutt, the carnival man, predicting a real big night, when under the circumstances, it turned out gloom.

Exalted Ruler David Davis, and his wife, although somewhat damped in ardor Saturday night are determined to put on the show next Saturday night, August 10th to make up for the bad luck encountered on Saturday night. Saturday night next some lucky person will get a brand new Ford car, and the grand prize will be one of the greatest jubilees seen in Macleod for many a long day.

If we just knew when learned ed the secret of how when when became inevitable."

Maybe this modern disbelief in hell is true, although somewhat dampened in ardor Saturday night are determined to put on the show next Saturday night, August 10th to make up for the bad luck encountered on Saturday night.

If you think it worth while to risk your life for fame, name all the people who have flown the Atlantic.

A good wall paper cleaner may be made by stirring into a quart of flour a nickel's worth of ammonia and enough water to make a thin dough. Work out knot this dough until smooth, then wipe the paper with this batch of dough, turning and kneading so that a clean surface is applied to the paper with each stroke.
